How to find out more

Contact us to find out more:

- If you cannot come along to an event you can find all the information and take part in the consultation on our website: www.heathrowconsultation.com
- Send an email to: info@heathrowconsultation.com
- Call our freephone number: 0800 307 7996 (open Monday to Friday, 9am-6pm)
- You can use the postcode checker and videos on the website to help you understand the information and how you might be affected by future flight paths.
- Stay up to date with details of our consultation events by following @LHRConsultation

REMEMBER:
The deadline for submitting feedback to our consultation is 11.55pm on 4 March 2019.

If you would like a large text or alternative format of this document, please contact us on 0800 307 7996 or go to our website: www.heathrowconsultation.com

June 2019: Airport Expansion Consultation

We plan to hold another consultation in June 2019 about the new runway and physical infrastructure changes needed for expansion, as well as how we will manage the effects of how we grow. We will be back in touch to tell you more about this consultation.

Our skies are changing
Get involved and have your say

Heathrow Airspace and Future Operations Consultation
8 January 2019 – 4 March 2019

We are redesigning Heathrow’s future airspace, which will mean new flightpaths over new areas. Please get involved and have your say.

In early 2018, we held our first consultation on Heathrow expansion and future airspace. Since then we have been considering feedback and have used it to help shape our emerging plans.

Taking account of our earlier consultation, we are now consulting with you again. Throughout this consultation we would like to hear your views on:

- How we plan to redesign the airspace around Heathrow
- How we will operate our three runways in the future, if approval is granted for Heathrow expansion
- How we can make better use of our two existing runways

Our consultation is being held between Tuesday 8 January 2019 to Monday 4 March 2019.

See inside to find out more about what we are consulting on as part of our Airspace and Future Operations Consultation and how you can take part.
Why have I received this leaflet?

You are receiving this leaflet because changes to Heathrow’s flight paths and how we operate our runways in future may affect you and we want you to have your say.

This is your chance to help us shape our proposals and influence changes which are likely to be in place for many years to come.

How to respond to this consultation

Your feedback is very important and will help us shape how we operate our runways and flight paths for years to come. The deadline for responding to our consultation is 11.55pm on 4 March 2019. You can provide us with your comments in several ways:

- **online** via our project website www.heathrowconsultation.com
- **send an email** to us at feedback@heathrowconsultation.com
- complete a **feedback form**, available at our exhibition events or on request using the contact details provided in this leaflet
- **write** to us at Freepost LHR AFO CONSULTATION

Visit us at one of our consultation events

We are holding consultation events at the venues listed in this leaflet. Members of the Heathrow team will be available to answer your questions and help you respond to the consultation. You can also pick up copies of the consultation documents at these events.

We are seeking your views on the following:

**Airspace**

We need to design new flight paths for arriving and departing planes for our expanded airport.

We are also making changes to the way some planes arrive into Heathrow using our existing runways.

We would like to know if there is anything you think we should take into account in your area when designing new flight paths.

**Future operations**

Operating a three-runway airport will be different to how we operate our two-runway airport today. If a third runway at Heathrow is approved, we have to set out how our runways will operate in the future. There are four topics we would like your feedback on:

- **Noise**
  Tell us what you think about our approach to managing noise at an expanded Heathrow.

- **Runway alternation**
  Let us know your views about our proposals for ensuring local communities have breaks from aircraft noise by switching the use of our runways.

- **Night flights**
  Tell us how you think we should operate the proposed scheduled ban on night flights at an expanded Heathrow.

- **Directional preference**
  The direction of the wind affects how planes arrive and depart at the airport. We are presenting options for how this will work in the future and want to hear your views.

What is airspace?

Airspace is the network of flight paths in the sky that aircraft follow when flying into, and out of, the UK’s airports.

---

**Sound demonstrations**

We will have sound demonstrations at some of our venues. These demonstrations will let you hear what different planes sound like at different heights.

For more information on which venues these will be at please visit www.heathrowconsultation.com

---

**Document inspection locations**

You can also visit any of our document inspection locations to view information on the consultation.

For a full list of these locations, visit our website or contact us directly using the contact details on the back of this leaflet.

These inspection locations are not staffed so if you do have a query you will need to contact us so that we can help you.
